Trade name: ULTRA PLAST PO-CS

Issue 1/23 of 13/02/2023

Page: 1/5

**Safety data sheet****SECTION 1: Identification of the substance/mixture and of the company/undertaking****1.1 Product Identifier**

Trade name: ULTRA PLAST PO-CS

Registration number (UFI): Non-applicable

**1.2 Relevant identified uses of the substance or mixture and uses advised against:**

Application of the substance / the mixture: PURGING COMPOUND FOR PLASTIC PROCESSING

Uses advised against: Not determined

**1.3 Details of the supplier of the safety data sheet:**

Details of the supplier of the safety data sheet/Manufacturer/Supplier:

ULTRA SYSTEM S.A.

RUE DE L'ANCIENNE POINTE 30, 1920 MARTIGNY, SWITZERLAND

PHONE: +41275653857 E-MAIL: INFO@ULTRASYSTEM.CH WEB: WWW.ULTRASYSTEM.CH

1.4 Emergency telephone number: +41 27 7226271

**SECTION 2: Hazards identification****2.1 Classification of the substance or mixture:**

CLP Regulation (EC) No 1272/2008:

The product is not classified as hazardous according to CLP Regulation (EC) No 1272/2008.

**2.2 Label elements:**

CLP Regulation (EC) No 1272/2008: None

**2.3 Other hazards:**

Product fails to meet PBT/vPvB criteria

Endocrine-disrupting properties: The product fails to meet the criteria.

**SECTION 3: Composition/information on ingredients****3.1 Substance:**

Non-applicable

**3.2 Mixtures:**

Chemical description: Mixture of substances

Mixture, composed of a polymer or copolymer and of substances below the applicable classification limits or not dangerous. These components are considered as confidential information. All components are GRAS qualified (Generally Recognized As Safe) by FDA and registered under REACH.

**3.3 Dangerous components:**

Not applicable

**SECTION 4: First aid measures****4.1 Description of first aid measures**

General information: No special measures required.

After inhalation: Dust or gas/vapours released by heat: move the affected person away from the contaminated area into fresh air; seek medical assistance.

After skin contact: In case of contact with melted material, cool down with cold water and seek medical assistance. Do not remove the product that solidified on skin. Treat as a burn.

After eye contact: Rinse opened eye for several minutes under running water.

After swallowing: No specific measure requested in case of ingestion. If needed seek medical assistance.

**4.2 Most important symptoms and effects, both acute and delayed**

No further relevant information available

**4.3 Indication of any immediate medical attention and special treatment needed**

No further relevant information available

**SECTION 5: Firefighting measures****5.1 Extinguishing media**

Suitable extinguishing agents: Water, water spray, foam, dry chemicals, carbon dioxide.

For safety reasons unsuitable extinguishing agents: Water with full jet

**5.2 Special hazards arising from the substance or mixture:**

Combustion products: carbon dioxide, carbon monoxide (when starved of air)

Trade name: ULTRA PLAST PG-CS

Issue 1/23 of 13/02/2023

Page: 2/5

## Safety data sheet

### 5.3 Advice for firefighters:

/ oxygen), and possible unburned hydrocarbons. Overheating/pyrolysis may evolve vapours made up of monomers, low molecular weight polymers and their oxidation products.

Protective equipment: Wear suitable protective clothing (helmet, goggles, fire resistant gloves, boots) and protect respiratory organs (self contained breathing apparatus).

Additional information: The product is combustible.

Cool endangered receptacles with water spray.

## SECTION 6: Accidental release measures

### 6.1 Personal precautions, protective equipment and emergency procedures:

Do not walk on granules to avoid slipping

### 6.2 Environmental precautions:

Do not allow product to reach sewage system or any water course.

### 6.3 Methods and material for containment and cleaning up:

Collect by mechanical means.

Dispose of the material collected according to regulations.

### 6.4 Reference to other sections:

See Section 7 for information on safe handling.

See Section 8 for information on personal protection equipment.

For information on disposal of contaminated material, see section 13.

No dangerous substances are released.

## SECTION 7: Handling and storage

### 7.1 Precautions for safe handling:

During the processing of the product, avoid inhalation of fumes or powders, by providing good ventilation of the workroom and, if necessary, by a suitable exhaust system.

Handling:

Information about fire - and explosion protection: Avoid dispersion of dust in air to reduce potential for ignition or explosion.

### 7.2 Conditions for safe storage, including any incompatibilities:

Storage:

Requirements to be met by storerooms and receptacles: Not required  
Information about storage in one common storage facility: Not required  
Further information about storage conditions:

In storage and working areas avoid spilling as a possible cause of slipping.  
Product should be stored in a safe manner, to avoid danger from unstable or damaged packaging units (octabins/bags/boxes on pallet). In particular, stacking of packaged units can be dangerous to warehouse personnel.

Store out of direct sunlight, in well ventilated, cool and dry place.

### 7.3 Specific end use(s):

No further relevant information available.

## SECTION 8: Exposure controls/personal protection

### 8.1 Control parameters:

Additional information about design of technical facilities: No further data; see item 7.

Ingredients with limit values that require monitoring at the workplace:  
The product does not contain any relevant quantities of materials with critical values that have to be monitored at the workplace.

### 8.2 Exposure controls:

General protective and hygienic measures: Work rooms must be provided with adequate ventilation and exhaust equipment to collect dust and gas/vapours that may be evolved during the conversion.  
Suitable technical controls: Ensure good ventilation / exhaust at the workplace.

Personal protection measures: The personal protective equipment will vary according to the possible exposure and danger of working conditions.

Respiratory protection: The personal protective equipment will vary
