<p>01. With the recent revised prices/rates of Bitumen 60/70, PMB & CRMB from suppliers, accordingly we have prepared this comparison sheet for approval.</p> <p>02. RAETEX has revised the price of PMB & CRMB w.e.f 04th September 2023. No change in existing price of other suppliers.</p> <p>03. We have included Membco in the Mix design certificate as approved source for PMB, Raetex in the Mix design certificate as approved source for CRMB material and Woqod in the Mix design certificate as approved source for 60/70 material. Hence we need to procure minimum quantity from the approved supplier.</p> <p>04. Supplier preference is based on price and material quality.</p> <p>05. In case of non availability of material with lowest price supplier & quality issue, we purchase from the next competitive priced supplier.</p> <p>06. Woqod PMB production is inconsistent and is not an approved source in our mix design certificate, we will purchase from Woqod when it will be necessary from time to time.</p> <p>07. Procurement plan will be made based on the production requirement, quality aspect and any other related concerns.</p> <p>08. Negotiation for further price reduction is going on with Raetex & Membco. Revised approval document will be submitted accordingly.</p> <p>Price Comparison sheet will be revised and proposed for approval, if any of the above prices changes.</p>
