2023	September	Gasoline Premium (91)	1.9
		Gasoline Super (95)	2.1
		Diesel	2.05

## APPENDIX - 3

### Regulated Price

Regulated Price means the price of the Refined Products fixed by the Competent Authority of the Government, at which the Refined Products must be sold to the Buyer and published on a monthly basis or at any other intervals as decided by the Competent Authority of the Government.

Following are the applicable Regulated Price and additional charges:

- (a) If the Refined Products is delivered by Seller through Seller's trucks at the Buyer's facilities, the total price comprises the following components:
- Regulated Price for the respective Refined Products applicable to the bulk consumers, and
  - Transportation / Service charges, subject to a minimum of QAR 100 per delivery shall be based on following formula

Quantity of Refined Products delivered X QAR 0.00151 x Actual 2-way distance in kilometres from the Loading Point from where the Refined Products is loaded by Seller to the Delivery Point.

*For example: Transportation Charges for total quantity delivered of 30,000 litres and distance from Loading Point to Delivery Point 20 kilometres is computed as follow:*

$$\text{Transportation Charges} = 30,000 \times (0.00151 \times 20 \times 2) = \text{QAR } 1,812$$

- (b) If the delivery is taken by Buyer from Seller's Facilities, Regulated Price for the respective Refined Products is the price applicable to bulk consumers.
- (c) If the Buyer takes the Refined Products from Seller's Petrol Stations or mobile dispensing facilities for Buyer's vehicles, Regulated Price for the respective Refined Products is the price applicable to retail consumers.
- (d) If the Buyer takes the Product from Jetty, then the total price comprises the following components:
- Regulated Price for the respective diesel applicable to the bulk consumers, and
  - Jetty Charges of QAR 0.16 per litre of diesel delivered from the Jetty or subject to note ii below.
- (e) If the Buyer takes the diesel from high seas, the total price comprises the following components:
- Regulated Price for the respective diesel is the price applicable to the bulk consumers, and
  - Bunkering charges of QAR 0.50 per litre of diesel delivered from the Seller owned or operated vessel or subject to note ii below.
- (f) In any cases other than those described above, the total price comprises of Regulated Price and any charges applicable for the delivery of such Refined Products.

#### Notes:

- Seller will publish the Regulated Price of all Refined Products on a monthly basis at the beginning of each month.
- Transportation Charge, Jetty Charges and Bunkering Charges mentioned above are subject to change from time to time. Seller will notify Buyer whenever a change is made to these rates.
- In case the Seller has reached Buyer's destination for delivery of Refined Products duly ordered by the Buyer but the Buyer is unable to accept ordered quantity in part or full then the Seller shall have the right to invoice and recover the Transportation Charge for the full ordered quantity in accordance with the computation in (a) above.
- In case of Buyer takes diesel from Jetty or high seas, as mentioned in clause (d) and (e) above, then a separate agreement for delivery terms and conditions shall be signed between the Seller and Buyer. However, the prices mentioned above shall remain the same.
- In case of sales of Kerosene, following Regulated Price restrictions shall apply:

For all Buyers, starting from 1<sup>st</sup> January 2021, the Regulated Price of Kerosene is the applicable international price published by Seller on a monthly basis.
