## SERVICE MEMORANDUM

No:	Ref. no DANDY/2024/008-R1	Date :	22-February-2024
Nature Service	External Manpower Supply for Production - March 2024	Supplier name	Well Wish/Cleaning
Department	Production	Amount in QAR	QAR ..... Qatar
Service Type	Renewal <input checked="" type="checkbox"/> or New Service <input type="checkbox"/>	Price per Hour: 8.5	Total Value: 82,324 Date : 30/4/2024/005

This SM is prepared to provide budgeted manpower in production for the month of March 2024. Production Department needs 77 manpower from 1st March 2024 till 31st March 2024. They need 41 Manpower for dairy/Juice production and remaining 36 Manpower for Ice-cream production. Below is the reason received from production for increased headcount against budgeted figures:

1. Plan of ice cream production has grown to approximately 1.5 times its previous volume, driven by both domestic growth and export orders.
2. In the ice cream section, approximately 57% of the total production consists of small SKUs such as sticks, cups, and cones.
3. During Ramdan, additional fillers need to be operational to accommodate increased volume.
4. Labneh Hanging Process: The continuous hanging process requires a team of five individuals.
5. To facilitate an effective induction and training process, two additional personnel are required.
6. To ensure efficient crate cleaning, two personnel are needed per shift on the cleaning line, one for each shift.
7. For thorough floor cleaning, a team of two personnel is necessary to maintain floor hygiene.

We try to keep fixed manpower [labour] up to the minimum acceptable level and use third party suppliers to give us manpower on need basis whenever required. This helps to keep the fixed manpower cost lower.

Thus third party manpower requirement has been quantified on the basis of date wise leave plan of the employees. However for any changes (Increase or Decrease due to circumstances like joining/stress, delay in resume duty as per approved leave) in Manpower supply numbers we will have to inform suppliers one week in advance otherwise they will not be able to mobilise manpower and supply us.

Services are already being availed; initially submitted SM could not complete the full cycle of approvals because of technical issues in approval.

Notes:

1. We will prefer to source maximum number of manpower from the manpower suppliers with minimum rate however if they fail to provide the required numbers we will avail the services from next service provider or any other supplier with the above mentioned rates.
2. The breakup for manpower numbers have been estimated based on availability with the suppliers and they have taken an assurance that the manpower demand will be terminated or increase with a notice period of 1 week.
