**Subject:** RE: QPMC Payment

Dear Zayani/Binas,

As per the current production schedule, we have sufficient gabbro powder 0-5 mm and 20 mm aggregates; however, we are facing a shortage of 10 mm material, both internally and across the Qatar market, due to reduced shipments and increased demand.

The next shipment from the Doha quarry (10 mm & 20 mm) is expected only by 7th or 8th January, as the vessel arranged by CMC has been delayed for three days at Fujairah Port due to berth unavailability.

Due to the absence of alternative suppliers, we need to arrange 10mm material from QPMC. In addition, QPMC is our only approved supplier for 28 mm aggregates.

To avoid any production interruption, we request you to prepare an advance payment of QR 500,000 with QPMC. This amount will be used only on an emergency and requirement basis.

Kindly submit it the cheque to QPMC directly once ready.

Thanks & Regards

**Abdul Gafoor CP**  
Assistant Manager – P&M

**Subject:** QPMC Payment

Dear Zahid,

Please prepare the LPO for **4,000 tons of 28 mm** and **2,000 tons of 10 mm** material to QPMC. As our BCA production volume is higher this month and we do not have an alternative supplier for 28 mm, timely procurement is essential.

**Subject:** QPMC Payment

Dear Zahid,

Please prepare the LPO for **4,000 tons of 28 mm** and **2,000 tons of 10 mm** material to QPMC. As our BCA production volume is higher this month and we do not have an alternative supplier for 28 mm, timely procurement is essential.

Additionally, we require 10 mm material due to the current shortage and because the density of the recently received 10 mm is higher than that of the CMC material. Procuring better-density material is necessary to maintain our quality standards.

Dear Zayani,

Kindly arrange the payment of **QR 500,000** to proceed with this order.

Thanks & Regards

**Abdul Gafoor CP**
