Revised Price w.e.f	19-May-22	19-May-22	19-May-22
Payment terms	90 days LC	90 days LC	30 days Chq

01. Post necessary quality tests and discussion with the higher management of Raetex for continuous supply of bitumen 60/70, we are adding Raetex under approval supplier list for Bitumen 60/70.

02. There is no price revision with the existing suppliers.

03. We have included Membco in the Mix design certificate as approved source for PMB, Raetex in the Mix design certificate as approved source for CRMB material and Woqod in the Mix design certificate as approved source for 60/70 material. Hence we need to procure minimum quantity from the approved supplier.

04. Supplier preference is based on price and material quality.

05. In case of non availability of material with lowest price supplier & quality issue, we purchase from the next competitive priced supplier.

06. For the ongoing Mix design certificate we have included Membco as approved source for PMB materials.

07. Woqod PMB production is inconsistent and is not an approved source in our mix design certificate, we will purchase from Woqod when it will be necessary from time to time.

08. Procurement plan will be made based on the production requirement, quality aspect and any other related concerns.

09. we are negotiating for further discount on the Raetex price for Bitumen 60/70.

Price Comparison sheet will be revised and proposed for approval, if any of the above prices changes.
