

DANDY COMPANY LIMITED
Approval for writeoff & disposal of slow moving inventory

We kindly seek your approval for the writeoff & disposal of slow-moving inventory (packing material) associated with the Desire brand. The Desire Brand was introduced in 2018 in a premium segment; however, the demand for it has been exceedingly sluggish. As a result of the low uptake in the market, sales team has not placed any production orders for quite some time. The total value of this inventory amounts to QAR 478k, occupying approximately 98 pallets of space. It is currently stored alongside other materials in a rented warehouse, incurring a monthly cost of QAR 5,998.

Therefore, we kindly request your approval to physically dispose and write off of these material, aiming to reduce our storage expenses.
