## Reason/Objective of shifting/Sale

These crates and pallets were damaged during operational usage within sales, production, and dispatch.

Since crates are not specifically identifiable with book asset code, we are following FIFO base for write off, since we are keeping 500pcs per assets number we will not be able to write off this assets until its reach the 500pcs once cumulative quantity is reached 500pcs will write off from the books and cumulative depreciation and Gain/loss amount will vary accordingly.
